

BE  THE HERO!!

BE  THE MATCH

**MAY 12, 2015,
9:30AM - 12:00PM
BUILDING 34, RM W150
CODE 250 PRESENTS: BE THE MATCH
FOUNDATION REGISTRATION**

**Be the Match Foundation Registration at Goddard
Space Flight Center**

Every year 12,000 patients are diagnosed with life-threatening blood cancers such as leukemia and lymphoma, and their only hope of a cure is a transplant from an unrelated donor. Doctors and patients look to Be The Match to facilitate the pairing of donors and patients. BetheMatchFoundation.org will be hosting an informational session. Afterwards interested employees can submit a swab test sample. Registration and swab testing will take place in Building 34, Room W150, from 9:30am-12:00pm.

Be the one
to save a life.

BE  THE MATCH

**You don't have to be
Superman to save
lives!!!**

**Patients especially
need marrow donors
between the ages of
18-44 who have
diverse ancestry.**

**The majority of
donations are done
without surgery,
using a procedure
called peripheral
blood stem cell
donation.**

**There is only a 25%
chance a sibling could
be a match for a
patient.**
